

Transfer of Personal Data outside Switzerland

Here is a list of the countries to which your Personal Data may be transferred by the Bank in the course of its usual business activities:

European Economic Area

Great Britain

United States*

The countries marked by an asterisk are countries in which the data protection regulations are not recognized as "adequate" from the standpoint of Swiss law.

Moreover, note that your Personal Data may be communicated to other countries, in accordance with the instructions given to the Bank by the account holder (or by an authorized representative). For example, in the case of a payment instruction in a currency other than CHF, the Bank has to communicate Personal Data concerning the ordering party to the corresponding bank located outside Switzerland. Similarly, certain Personal Data concerning the investor may have to be communicated outside Switzerland in the course of investing in certain collective investment schemes.

For additional information on this subject, please see the Data Protection Notice and, if the Data Protection Notice doesn't answer your question, please contact the Bank: dataprotection@syzgroup.com.

Capitalized terms are defined in the Data Protection Notice.
